

One Step Vending, Corp. - Website Beta Testing Launch Delayed

Harrison, NY – May 29th, 2018—One Step Vending, Corp., announces delays on the www.cbdkiosks.com website, due to the platform technical restructure. Over the course of the web site development, it became apparent that we had to redesign the structure of the web site in order to facilitate both customers' and merchants' login to different dashboards and account management.

Particularly, the platform is redesigned to offer to our merchant suppliers' direct access to a dashboard that they will be able to upload their products upon approval. This will save time and costs for the company and will make it easier for the orders processing.

The change will push back the launch of the beta testing period, which we greatly anticipate, but the result will constitute an integrated platform that will accommodate the Company's needs. Next week we'll release more information on the project progress and features.

About cbdkiosks.com

Cbdkiosks.com is a hemp specialized market platform, aimed to provide various cannabinoid based products made in the United States, through collaboration with breakthrough companies in the field and specially designed products under its brand.
