None

4). Issuance History

List below any events, in chronological order, that resulted in changes in total shares outstanding by the issuer in the past two fiscal years and any interim period. The list shall include all offerings of equity securities, including debt convertible into equity securities, whether private or public, and all shares or any other securities or options to acquire such securities issued for services, describing (1) the securities, (2) the persons or entities to whom such securities were issued and (3) the services provided by such persons or entities. The list shall indicate:

1. The nature of each offering (e.g., Securities Act Rule 504, intrastate, etc.);

On August 1st 2013 the company issued 350,000,000 restricted common stock of the company stock for the acquisition of Interloc-Kings Inc.

On May 5th 2014 the company issued 14,500,000 restricted common stock of the company stock for consulting services performed valued at $162,500.00.

On July 9th 2014 the company issued 13,992,228 restricted common stock of the company for cash of $50,000.00

On November 28th, 2014 the company issued 2,000,000 restricted common stock of the company stock as compensation for consulting services performed valued at $19,498.00.

On August 9th 2016 the company issued 25,000,000 shares for debt reduction.

On August 9th 2016 the company issued 20,000,000 shares for debt reduction.

On August 9th 2016 the company issued 11,550,000 shares for debt reduction.

On September 1st 2016 the company issued 20,000,000 shares for the acquisition of Snakes & Lagers Inc.

On October 21st 2016 the company issued 38,500,000 shares for debt reduction.

On October 21st 2016 the company issued 12,376,666 shares for debt reduction.

On February 13th 2017 the company issued 2,887,500 shares for debt reduction.

On March 1st 2017 the company retired 350,000,000 previously issued common shares.

On March 1st 2017 the company issued 4,500,000 preferred shares.

On May 1st 2017 the company issued 29,088,235 shares for cash, services and debt reduction.

On July 17th 2017 the company issued 22,000 restricted shares for services.

On July 17th 2017 the company issued 430,000 shares for debt reduction.

On August 5th 2017 the company issued 1,000,000 shares for debt reduction.

On August 5th 2017 the company issued 1,650,000 shares for debt reduction.

On August 15th 2017 the company issued 6,737,821 shares for $606,403.94 cash provided in Q4 for expansion and working capital.

On August 15th 2017 the company issued 2,000,000 restricted shares for cash.

On August 22nd 2017 the company issued 802,133 shares for debt reduction.

On August 22nd 2017 the company issued 260,133 shares for debt reduction.

On September 25th 2017 the company issued 2,000,000 shares for debt reduction.

On October 5th 2017 the company issued 100,000 restricted shares for services.

On October 23rd 2017 the company issued 2,941,177 for debt reduction.

On October 23rd 2017 the company issued 294,118 for debt reduction.

On October 26th 2017 the company issued 300,000 restricted shares for $30,000 cash.

On October 26th 2017 the company issued 300,000 restricted shares for $30,000 cash.

On November 9th 2017 the company issued 500,000 restricted shares for cash.

2. Any jurisdictions where the offering was registered or qualified;

N/A

3. The number of shares offered;

N/A

4. The number of shares sold;

N/A

5. The price at which the shares were offered, and the amount actually paid to the issuer;

N/A

6. The trading status of the shares; and

N/A

7. Whether the certificates or other documents that evidence the shares contain a legend (1) stating that the shares have not been registered under the Securities Act and (2) setting forth or referring to the restrictions on transferability and sale of the shares under the Securities Act.

N/A

5) Financial Statements

Provide the financial statements described below for the most recent fiscal year end or quarter end to maintain qualification for the OTC Pink Current Information tier. For the initial disclosure statement (qualifying for Current Information for the first time) please provide reports for the two previous fiscal years and any interim periods.

8. Balance sheet;
9. Statement of income;
10. Statement of cash flows;
11. Financial notes; and
12. Audit letter, if audited

The financial statements requested pursuant to this item shall be prepared in accordance with US GAAP by persons with sufficient financial skills.

You may either (i) attach/append the financial statements to this disclosure statement or (ii) post such financial statements through the OTC Disclosure & News Service as a separate report using the appropriate report name for the applicable period end. ("Annual Report," "Quarterly Report" or "Interim Report").

If you choose to publish the financial reports separately as described in part (ii) above, you must state in the accompanying disclosure statement that such financial statements are incorporated by reference. You may reference the document(s) containing the required financial statements by indicating the document name, period end date, and the date that it was posted to otciq.com in the field below.

NOTE 1 – NATURE OF BUSINESS AND GOING CONCERN

Nature of business

Amfil Technologies Inc. (the "Company" or "AMFE"), formerly Technical Ventures, Inc., was incorporated in New York State on June 14, 1985.

On August 1, 2013, AMFE acquired all the issued and outstanding shares of common stock of Interloc Kings Inc. (Interloc) a Canadian corporation. Interloc is stone and wood specialists and offers hardscape construction and snow removal services in Canada. AMFE issued 350,000,000 common restricted shares as consideration for the purchase.

On May 12, 2014, the Company entered into a Joint Venture Agreement with ACTS to acquire 50% ownership in the mPact – GROZONE Antimicrobial Systems and the exclusive right of representation to perform with ACTS as a Systems and Service Provider to any Medical Marijuana Industry and legal marijuana grow/process establishments or organizations in North America and globally that is amenable to the use of the Systems and Service of mPact – GROZONE Antimicrobial Systems. This technology is a Green Environment Friendly Ozone Technology designed to kill bacteria, mold and bugs for marijuana cultivation and edible facilities who want to maintain the highest food quality standards of cleanliness. The business name of the new Venture will be Definitive AMFIL-ACTS Joint Venture ("AMFE-ACTS JV").

On September 28, 2016, the company acquired the shares of Snakes & Lagers Inc a holding company that holds the shares of Snakes & Lattes Inc., Snakes & lattes College Inc., Snakes & Lattes Annex Inc., Snakes & Lattes Midtown Inc. This collection of entities is involved in the following revenue generating activities board game retail, online and wholesale distribution; retail coffee shop/bistro; Distribution of non board game related products; Board game publishing and manufacturing; and company/personal events.

Going Concern

The accompanying consolidated financial statements have been prepared assuming that the Company will continue as a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. The amounts of assets and liabilities in the consolidated financial statements do not purport to represent realizable or settlement values.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

The Company intends to meet its working capital requirements from the issuance of common shares and convertible promissory notes as well as short term related party loans. However, there can be no assurance that such financial support shall be ongoing or available on terms or conditions acceptable to the Company. This raises substantial doubt about the Company's ability to continue as a going concern. If management is unsuccessful in these efforts, discontinuance of operations is possible. These financial statements do not include any adjustments relating to the recoverability and classification of reported asset amounts or the amount and classification of liabilities that might be necessary should we be unable to continue as a going concern. Our continuation as a going concern is dependent upon our ability to obtain additional financing and to generate profits and positive cash flow.

Subsequent to September 30th 2017, the Company will issue 100,000 shares for cash proceeds received in Q1 2018 of $10,000 from issuance of common shares at a fixed price of .10 being the closing share price on the date of agreement. (See Note 9).

Basis of Presentation

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("US GAAP") and are expressed in US dollars. The Company's functional and reporting currency is the U.S. dollar.

Basis of Consolidation

The consolidated financial statements include the accounts of AMFE and its wholly-owned subsidiaries. Significant intercompany transactions and balances have been eliminated on consolidation.

Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and the reported amounts of revenues and expenses for the periods covered. The main estimates relate to the fair value of assets acquired, liabilities assumed and consideration transferred in a business acquisition, the fair value less costs to sell of long-lived assets held for sale as part of discontinued operations, the net realizable value of inventory, inventory levels at retail locations and internal warehouse, prepaid expenses in relation to the opening of the new location Midtown, impairment of financial assets, the useful life of property, plant and equipment and intangible assets subject to amortization. Management also takes into account future salary increases and the retirement age of employees. Any changes to the assumptions could have a significant impact on the company's net income and financial position.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

Income Taxes

The Company accounts for income taxes under FASB ASC 740, *Income Taxes*. Deferred income tax assets and liabilities are determined based upon differences between the financial reporting and tax basis of assets and liabilities and are measured using the enacted tax rates and laws that will be in effect when the differences are expected to reverse. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in the statements of operations in the period that includes the enactment date. Deferred tax assets are reduced by a valuation allowance to the extent management concludes it is more likely than not that the assets will not be realized.

The Company recognizes the effect of income tax positions only if those positions are more likely than not to be sustained. Recognized income tax positions are measured at the largest amount that is greater than 50% likely of being realized. Changes in recognition or measurement are reflected in the period in which a change in judgement occurs, as a result of information that arises or when a tax position is effectively settled. Interest and penalties related to income tax matters are recognized in general and administrative expense.

The Company had no material adjustments to its liabilities for unrecognized income tax benefits according to the provisions of FASB ASC 740.

Earnings Per Share

The Company computes basic net loss or earnings per share in accordance with ASC 260, *Earnings Per Share*, by dividing the net loss or gain for the period by the weighted average number of common shares outstanding during the year. Diluted loss or gain per share is computed by dividing the net loss or gain for the year by the weighted average number of common and potentially dilutive common shares outstanding during the year, adjusted by any effects of warrants and options outstanding, if dilutive, that may add to the number of common shares during the year.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

Impairment of Long-lived Assets

Long-lived assets comprise of mining rights. The Company accounts for impairment of long-lived assets in accordance with the guidance established in ASC 360, Accounting for the Impairment or Disposal of Long-Lived Assets, which requires the Company to evaluate a long-lived asset for recoverability when there is an event or circumstance that indicates the carrying value of the asset may not be recoverable. The Company follows the guidance of ASU 2012-02 and first assesses qualitative factors to determine whether it is more likely than not that an indefinite-lived intangible asset is impaired as a basis for determining whether it is necessary to perform the quantitative impairment test. Circumstances which

could trigger a review include, but are not limited to: significant decreases in the market price of the asset; significant adverse changes in the business climate or legal factors; accumulation of costs significantly in excess of the amount originally expected for the acquisition or construction of the asset; current period cash flow or operating losses combined with a history of losses or a forecast of continuing losses associated with the use of the asset; and current expectation that the asset will more likely than not be sold or disposed of before the end of its estimated useful life. An impairment loss is recognized when the carrying amount of a long-lived asset or asset group is not recoverable (when carrying amount exceeds the gross, undiscounted cash flows from use and disposition) and is measured as the excess of the carrying amount over the asset's (or asset group's) fair value. Management evaluated whether there are any adverse qualitative factors in respect to mining rights indicating that they might be impaired. Since there were indicators of impairment, Management reviewed its long-lived intangible assets and has determined that the mining rights assets were impaired.

Research and Development

The Company accounts for research and development costs in accordance with ASC 730-10, Research and Development. Accordingly, all research and development costs are charged to expense as incurred as research and development costs.

Stock-Based Compensation

The Company accounts for share-based compensation to employees in accordance with ASC 718, *Stock Compensation*. Under the provisions of ASC 718, share-based compensation cost is measured at the grant date, based on the calculated fair value of the award, and is recognized as an expense for services rendered and over the employee's requisite service period (generally the vesting period of the equity grant).

Non-monetary transactions

The Company applies ASC 845, "Accounting for Non-Monetary Transactions", to account for services received through non-cash transactions based on the fair values of the services involved, where such values can be determined. If fair value of the services received cannot be determined, then the fair value of the shares given as consideration is used.

Revenue recognition

Revenue is recognized when all of the following criteria are met: persuasive evidence of an arrangement exists; delivery or performance has occurred; the sales price is fixed or determinable; and collection is reasonably assured.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

Revenue from the sale of board games occurs online. The revenue is accounted for when there is persuasive evidence that an arrangement exists, the goods have been shipped by the client, the price is fixed or determinable, and collection is reasonably assured.

Service revenue arising from the sale of food and beverages is accounted for when the goods have been delivered to the customer, the price is fixed or determinable, and collection occurs immediately upon sale.

Royalty income is derived from Snakes and Lagers Inc., regularly accrues royalty fees to Snakes and Lattes Inc. Royalties are recognized once the sale occurs in Snakes and Lagers Inc.

Revenue from board game development comprises of the following activities: First initial non refundable signing fee; these fees are recognized in revenue upon collection of funds. From here there development charges are invoiced on a percentage of completion method.

Recent Accounting Pronouncements

We do not expect the adoption of recently issued accounting pronouncements to have a significant impact on our results of operations, financial position or cash flow.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

Property, plant and equipment

Property, plant and equipment are accounted for at cost and amortized on the basis of their useful life using the following methods and rates or duration.

Methods Rates or duration

Office furniture Declining balance 20%

Equipment Declining balance 20%

Computer hardware Declining balance 45%

Leasehold improvements Straight-line 5 years

Grozone Equipment is currently not being amortized as the use of the equipment has not commenced.

Amortization is recorded annually on June 30 of each year.

Inventories

Inventories are measured at the lower of cost and net realizable value, with cost being determined using the first in, first out method. Net realizable value is the estimated selling price in the ordinary course of business. less the costs necessary to make the sale. In current quarter inventory levels related to retail locations and the internal warehouse have been estimated based on management's best estimate.

Equipment under capital lease

Equipment under capital lease is accounted for at cost. The costs corresponds to the present value of minimum lease payments. Amortization is based on its useful life using straight line method over 5 years.

Intangible assets

Intangible assets are currently not being amortized. These assets are tested for impairment if events or changes in circumstances indicate the carrying amount exceeds its fair value. The impairment test consists in a comparison of the fair value of the unamortized assets with their carrying amount. When the carrying amount exceeds the fair value, an impairment loss is recognized in an amount equal to the excess.

Prepaid expenses

Prepaid expenses consist of operation expenses paid in advance for future use and expenses relating to Midtown location that has not opened as at September 30, 2017.

Note 5 - Economic dependence

During the year, the enterprise purchased 46% of its products from one of its suppliers and has undertaken, under the terms of a contract, to purchase exclusively from the same supplier.

The enterprise signed an agreement with the Cards Against Humanity whereby they have distribution rights of the enterprise's products in Canada. This agreement has no fixed date of expiration.

NOTE 6 – RELATED PARTY TRANSACTIONS

Short term loans are payable to a party related to a shareholder and director of the Company which are non-interest bearing, unsecured and have no fixed repayment dates.

Included in convertible promissory notes is an amount of $100,538 due to a party related to a shareholder and director of the Company.

The advances from a shareholder are not interest bearing, unsecured and have no fixed repayment dates.

The Company leases office space and motor vehicles from a shareholder and director of the Company (See Note 8).

Related party transactions consist of the following:

Advance to Snakes and Lattes College Inc.

Snakes and Lattes College Inc. share the same shareholder. The company is a new location operating under a different corporation carrying on a similar operation. This advance has no fixed repayment terms and is non interest bearing

Shareholder loans are funds advanced by the shareholder and has no fixed repayment terms and is non interest bearing. No amounts are anticipated to be repaid until September 30, 2018.

NOTE 7 – INCOME TAXES

The Company had income taxes payable at September 30, 2017 and June 30, 2017.

Deferred income taxes reflect the net income tax effect of temporary differences between the carrying amounts of the assets and liabilities for financial reporting purposes and amounts used for income taxes. The Company's deferred income tax assets and liabilities consist of the following:

	2014	2013
Net operating loss carry forward	$ 1,301,685	$ 257
Valuation allowance	(1,301.685)	(257)
Deferred tax assets, net of valuation allowance	$ -	$ -

Net operating loss carry forwards totaled approximately $NIL at June 30, 2017. The net operating loss carry forwards expired in the year 2015 as it was not utilized. After consideration of all the evidence, management has recorded a valuation allowance at June 30, 2017 due to uncertainty of realizing the deferred tax assets. Utilization of the Company's net operating loss carry forwards may be limited based on changes in ownership as defined in Internal Revenue Code Section 382.

NOTE 8 – COMMITMENTS AND CONTINGENCIES

Commitments

<u>Operating lease</u>

The Company has lease agreements to lease office space and motor vehicles from a shareholder of the Company under operating leases for terms of ten and five years respectively. The Company's future minimum payment obligations under the lease commitments are as follows:

2018	$ 24,180
2019	24,180
2020	24,180
2021	24,180
2022	24,180
Thereafter	60,449
	$ 181,349

Joint venture with AOI

Under the terms of the Joint Venture Agreement discussed in Note 1, the Company shall be responsible for the initial investment funding and capital contribution of $250,000 USD.

The Company has contributed approximately $200,000 USD and $100,000 CAD as at December 31st 2017 and these have been capitalized in the as the funds went towards the purchase of machinery. The other party to the Joint Venture only contributes knowhow, technology and labor for the advancement of the GROZONE technology.

NOTE 9 – SUBSEQUENT EVENTS

Share issuance/reduction

The company cancelled 20,000,000 common shares relating to the Snakes & Lagers Acquisition and intends to issue preferred shares in exchange and alongside a debt reduction during Fiscal Q3.

Results of Operations

Liquidity and Capital Resources:

Cash outflow from operations for the three months ended December 31st, 2017 was $674,446 compared to an inflow of cash of $324,011 in the comparative prior year end December 31st, 2016. The cash increase in cash outflow was largely due to the construction and preemptive staffing for the Midtown location.

The Company is dependent upon equity and loan financings to compensate for the continued outflow of cash anticipated from operations. The Company's continued operations are dependent upon obtaining revenues from outside sources or raising additional funds through debt or equity financing.

Profit & Loss:

Comparison of the three months ended December 31st, 2017 with the three months ended December 30th, 2016.

The net gain for the three months ended September 31st, 2017 was $88,766 compared to a net gain of 298,285 for the three months ended December 30th, 2016. The gains for the period relate to increased distribution and the relay of the company's expansion initiative and was reduced period over period due to construction and preemptive staffing costs for the Midtown location.

Cash Flow:

The Company as of December 31st, 2017 had cash on hand of $352,213. With $74,484 of prepaid expenses, and $484,243 of accounts receivable, $2,927,595 in inventory putting current assets at $3,838,535 which is less than current liabilities of $5,677,769. At December 31st, 2017 the Company has a working capital deficit of $1,839,234.

The Company is dependent upon equity and loan financings to compensate for the continued outflow of cash anticipated from operations. The Company's continued operations are dependent upon obtaining revenues from outside sources or raising additional funds through debt or equity financing.

Off-Balance Sheet Arrangements

The Company has no off-balance sheet arrangements.

Information contained in a Financial Report is considered current until the due date for the subsequent Financial Report. To remain in the OTC Pink Current Information tier, a company must post its Annual Report within 90 days from its fiscal year-end date and Quarterly Reports within 45 days of its fiscal quarter-end date.

6) Describe the Issuer's Business, Products and Services

Describe the issuer's business so a potential investor can clearly understand the company. In answering this item, please include the following:

13. a description of the issuer's business operations;

Technical Ventures Inc. ("TVI" or the "Company") is a New York State corporation formed on June 14, 1985 and then changed its name to Amfil Technologies Inc.

On April 14, 1986, TVI acquired all the issued and outstanding shares of common stock of Mortile Industries Ltd. ("Mortile"), a Canadian corporation. Mortile dealt in the design, development, and manufacturing of proprietary polymers, composite and specialty compounds; additionally Mortile compounded proprietary formulations of their customers and the application of its products expanded into every area of plastics. On August 26, 2004, 60% of Mortile Industries was sold to an investing group. In December of 2006, the remaining interest was sold and the Company began looking for additional opportunities. TVI retained its metal technology which it continued to develop and market.

On June 4, 2008, Technical Ventures Inc. entered into an agreement with Amfil Technologies Inc. ("AMFE"), a Private California company, to acquire its Ozone Technology, certain fixed assets, and the assumption of certain short term liabilities and subsequently changed its name to Amfil Technologies Inc. Amfi designed, manufactured, and marketed ozone-based cleaning antimicrobial treatment systems worldwide. It offered products, such as cold storage fumigation systems, mobile surface sanitation systems, mobile cleaning and surface sanitation systems, food service contract cleaning systems, animal and zoo systems, fruit and vegetable systems, and fish farming and processing systems. Amfi also provided refrigerated container fumigation systems; and mPact-CAS, a system designed for cased meat log cleaning and antimicrobial treatment. It offered its products to food, beverage, dairy, fruits and vegetables, food service, commercial, industrial, live animal/zoo, fish process and farming, and aquaculture markets. Amfi was founded in 1985 and was based in San Luis Obispo, California.

On December 24, 2010, Amfil Technologies Inc. entered into a Joint Venture Agreement with Trevor Taylor on an equal basis to acquire rights to Medium Scale Prospecting Mining Permits to 9 sites totaling approximately 10,300 acres in Guyana for exploration from Trevor Taylor. AMFE plans to further explore and develop these highly prospective gold mineral property rights in Guyana in due course.

On June 14, 2011 the Company sold off the Amfil "Ozone" Technologies which allows the Company to focus on its continued progress with the gold exploratory projects as a core objective for the Company.

On August 1, 2013 Amfil Technologies Inc. entered into a definitive acquisition agreement ("Reverse Acquisition") with Interloc-Kings Inc.("Interloc"). Interloc is an interlock and landscaping specialists and offers landscape construction and snow removal services in Canada. The company was founded in April 2009 and is based in Markham, Ontario, Canada. It has completed projects throughout Markham and the Greater Toronto Area. In connection with the Reverse Acquisition, AMFE purchased 100% of the issued and outstanding shares of common stock of Interloc from the Interloc shareholders in exchange for 350,000,000 newly issued shares of its common stock. As a result of the Reverse Acquisition, the Interloc Shareholders collectively own approximately 55% of the issued and outstanding shares of AMFE's common stock, and Interloc became the wholly-owned operating subsidiary. Currently all of our business operations are conducted through our wholly-owned subsidiary Interloc.

On May 12, 2014, Amfil Technologies Inc. entered into a Definitive Joint Venture Agreement with Antibacterial Cleaning Treatment Services Inc. (A.C.T.S. Inc.) to acquire a 50% shared ownership with A.C.T.S. Inc. of the mPact - *GROzone Antimicrobial Systems* and the exclusive right of representation to perform with A.C.T.S. Inc. as a Systems and Service Provider to any Medical Marijuana Industry and legal marijuana grow/process establishments or organizations in North America and globally that is amenable to the use of the Systems and Service of mPact - *GROzone Antimicrobial Systems* using A.C.T.S. Inc.'s trademarked and proprietary products and systems.

On September 28, 2016, the company acquired the shares of Snakes & Lagers Inc a holding company that holds the shares of Snakes & Lattes Inc., Snakes & lattes College Inc., Snakes & Lattes Annex Inc., Snakes & Lattes Midtown Inc. This collection of entities is involved in the following revenue generating activities board game retail, online and wholesale distribution; retail coffee shop/bistro; Distribution of non board game related products; Board game publishing and manufacturing; and company/personal events.

14. Date and State (or Jurisdiction) of Incorporation:

Incorporated in New York State on June 14, 1985.

15. the issuer's primary and secondary SIC Codes;

2810 - Industrial Inorganic Chemicals

16. the issuer's fiscal year end date;

June 30th

17. principal products or services, and their markets;

We have three different projects that we plan to operate in the future:

	1.	**Snakes & Lagers Inc.**

	2.	**Interloc-Kings Inc.**

	3.	**GRO3**

1). Snakes & Lagers Inc.

Snakes & Lagers Inc. holds the trade name and is the owner of Snakes & Lattes Inc. which currently operates a 6,000 sq. ft. and a 7,500 sq. ft. tabletop gaming bar and cafe located in Toronto, Ontario that brought in over $7M CAD in revenue last year. It has recently opened a third location at 10,000 sq. ft., the largest to date. Snakes & Lagers Inc. is also the procurement officer of all existing and future Snakes & Lattes Inc. franchises and has the exclusive rights to sell franchise locations globally. Snakes & Lattes Inc. was the first board game bar and cafe in North America, is believed to be the largest in the world and have the largest circulating public library of board games in North America for customers to choose from. Snakes & Lattes Inc. currently has over 100+ member staff and recently acquired the exclusive distribution rights throughout Canada for some of the most popular board games in the world. BlogTO.com named Snakes & Lattes Inc. the best late night cafe in Toronto and has also been named the best fulfillment house in Canada by Jamey Stegmaier, the most influential blogger within the board game fulfillment sphere. For more information on Snakes & Lattes Inc. feel free to visit the website at www.snakesandlattes.com.

<u>2). Interloc-Kings Inc.</u>

Interloc-Kings Inc. was incorporated in the Province of Ontario in April 2009 and was 100% owned by Roger Mortimer. Over the last four years, clients and revenues have consistently increased. The business leases many trucks, tools, machinery and equipment to facilitate the growing business all while paying the employees and owner salaries and having no outside funding or capital ever injected into the business.

During this initial growth phase due to the very well received model by our clients, we have been able to meet and develop very positive and powerful relationships with other contractors, manufacturers and suppliers of the industry throughout Markham and Toronto. Through experience, we learned about all the different products and installation methods throughout the industry and have our own processes which help the installations go smoother and faster compared to the originally accepted and used methods.

The main goal of Interloc-Kings Inc. is to become one of the largest installer and supplier of interlocking and paving stones in North America as well as becoming the largest winter service company in North America by way of franchising and reproducing the current proven business model across targeted regions; as well as by developing the stone brand and eventually manufacturing the pavers in our own facility.

Products & Services Description

Interloc-Kings Inc. supplies and installs residential and commercial hardscape construction projects including interlocking stone driveways, walkways, back patio's, retaining walls and steps, fences, decks, pools, etc during the summer season and is one of the largest residential winter service provider in Markham for winter maintenance services covering approximately six hundred homes in the off season.

We have completed a vast array of projects stone and wood related from wheel chair ramps at Pizza Pizza locations to custom waterfalls, sauna's, backyard kitchens or the coordination of group stone and fencing projects with homeowners or homebuilders to allow for larger scale projects where work is completed for half of a street or a whole street as opposed to individual households. We target anything stone or wood related for installation on the exterior of residential/commercial and industrial properties.

Using our connections to suppliers and manufacturers we are exploring the option of having our own specific type of stone made that will be stocked and promoted by some of our current suppliers for the use by all contractors and homeowners in the area. There are billions of square feet of paving stone purchased and installed globally on a yearly basis and some of the stone suppliers we use have locations as far as Illinois, Michigan, New York, New Jersey, Ohio, Wisconsin, Massachusetts and of course all across Ontario, to name a few. A supplier in Markham has expressed interest and willing to stock our product and promote it to their clients when it is market ready. By capturing a percentage on all stone sold across North America or even globally, to be used by all contractors for installation, we believe that revenues could rapidly grow within the first three years of the product being available to the market. Since stone installations are seasonal and only approximately two thirds of a given year provide the weather to allow for installations in Ontario, having the stone brand and/or franchises in Southern states will help keep the sales going year round.

The winter aspect of our business was created to keep our employees busy year round and offers a needed service that has never been captured by an individual company on a large scale. Part of the reason we have been able to expand as much as we have is due to the aging population we have. Over the past four seasons we have grown to become one of the largest residential winter service company in Markham to cater for the desire and need by the average person for our service. As we decide to expand to more and more houses across Markham, York Region and the Greater Toronto Area, our number of seasonal customers will increase exponentially and it is a business model that can be replicated in all of Canada and Northern United States. Most households just physically cannot provide the service for themselves for reasons such as injuries, disabilities, aging population or simply because people do not wish to do it themselves and therefore want to pay to have it done for them.

Marketing Strategy

Between 2009 and 2014, Interloc-Kings Inc. has been able to establish a proven business model that has been successful in Markham, Ontario. Our goal is to replicate this model to allow for franchising opportunities within the industry throughout the rest of Ontario, Canada and the United States. By supplying the know-how, trucks, equipment and advertising based on experience and our proven track-record while showing other existing contractors or individuals looking to get into the industry how to run a successful Interloc-Kings Inc. franchise for themselves, we will be able to receive the initial set-up cost and yearly franchise fees all the while developing and establishing the brand name across different regions of the country.

We originally broke into our industry using a very competitive pricing strategy that was still profitable. As our name brand and reputation spreads, we will be able to increase our prices by almost double over a period of time. This is possible since one of our main competitor on average charges almost double what we charge. While the installation costs and time will remain the same on a per job basis, the margins and profitability on each project will increase significantly. Using this model we have put numerous contractors out of business in the area and will continue to do so while capturing more and more of the market share of the regions we are involved in.

In the early stages of the Company, we have not had large advertising budgets because word of mouth referrals have started a snowball effect that has been growing. With a larger team of estimators, we would be able to handle more business and get more jobs done at a faster rate. We are looking at acquiring other contractors in our space to add to our sales, experience, employees and equipment.

We plan to increase and expand our advertising radius in order to substantially raise our contract numbers and revenue amounts. We currently serve only a portion of the City of Markham were able to capture enough clients to be one of the leading contractor in all of Markham for residential service numbers. If we complete a large advertising campaign and our plan is successful, we could increase our total number of contracts from approximately 300 to 5,000 within a two year period. We believe this plan would allow us to have approximately $1.5M to $2M in additional revenue.

For the snow removal business, each truck we put on the road can service anywhere from 80 to 110 residential homes depending on the route. Each year that goes by, our customers become more and more dense within the areas that we service and we are able to get routes done faster and add more houses per vehicle. This allows us to keep each truck within a one or two block radius during service times and therefore we can service a larger amount of customers than any other contractor within the same amount of time and have less of a gas expense and wear and tear on the vehicle. We have streets in Markham where almost half the street use our service or anywhere from six to twelve homes on the same street as opposed to most contractors who travel around from one area to another servicing one home at a time. This strategy similarly to the interlock in order to break into the market, our pricing was able to be on the lower end, however as more and more contractors get knocked out of business by our company and we further monopolize the industry, we will be able to peg prices at a higher level and more in line with what some of the other higher priced competitors charge.

We plan to run franchises in Markham where blocks of 500 customers could be allotted to independent owners or kept as a larger franchise and expanded to other cities across Ontario and Canada. We are also looking at the City of Brampton which is similar in scale and can be easily set up using the model we have in Markham. We are also targeting the City of Toronto which has over 1 million households.

Target market

According to the Interlock Concrete Paving Institute ("ICPI"), the North American Concrete Paving industry covers a total surface area of 478 million square feet or 44.4 million square meter representing 1.4 square foot or 0.13 square meter per capita. Growth rates are projected to be 2.7% in the United States and 7% in Canada.

In 2012, ICPI succeeded in lobbying Congress to include the first-ever permeable pavements provisions that were conceived by ICPI and offered for consideration on Capitol Hill. In doing so, ICPI has created new law, and established that permeable pavements are now a technology for use under the auspices of the U.S. Department of Transportation (USDOT). There has been a steady increase over the last three years in permeable pavement sales with a growth of 3.8% to 5.1% between 2009 and 2011 covering just under 30 million square feet. 78.4% and 21.6% of the permeable pavement sales were placed in commercial and residential applications, respectively.

According to David Smith, director of the new Concrete Paver Institute, the use of pavers in the US may double within the next 4 to 5 years.

3). GROZONE

The EcoPr03 GRO3 Antimicrobial System was jointly developed between Amfil Tech and A.C.T.S. Inc. which recently rebranded its technology under Advanced Ozone Integration as an extension of the existing ozone technology being utilized in the food and beverage industry and integrated by A.C.T.S. into companies such as Pepsi, Nestle, Sysco, Sun Pacific and many others. The system is a triple-function sanitization unit capable of naturally eliminating 99.9% of water and airborne pathogens and the typically problematic pests that wreak havoc for cultivators (like aphids, whiteflies and spider mites), as well as bacteria, fungus, microbes and mold on surfaces, all without chemicals. The unit can also constantly regulate a given facility's water supply, oxygenating the water and maintaining a consistent PPM infusion of ozone that prevents the formation of algae, bacteria or mold (allowing for comprehensive water recycling), simultaneously removing the need to use pesticides and/or dangerous, often carcinogenic products to treat production problems, as is common throughout the industry today. This environmentally-friendly solution also eliminates odors, while slightly reducing the air temperature, lowering energy consumption by the HEPA filtration and HVAC systems and could potentially allow for a facilities process to be labeled certified organic in the U.S.A. when the crop is no longer considered illegal on the federal level, otherwise "Clean Green" or "Certified Kind" in the meantime. The EcoPr03 GRO3 Antimicrobial System recently passed product review by a registered USDA certifying agent for use in California as well as Pennsylvania and surrounding states. More information on this product line can be found on the www.gro3systems.com website or on twitter @GRO3Systems.

7) Describe the Issuer's Facilities

The goal of this section is to provide a potential investor with a clear understanding of all assets, properties or facilities owned, used or leased by the issuer.

In responding to this item, please clearly describe the assets, properties or facilities of the issuer, give the location of the principal plants and other property of the issuer and describe the condition of the properties. If the issuer does not have complete ownership or control of the property (for example, if others also own the property or if there is a mortgage on the property), describe the limitations on the ownership.

If the issuer leases any assets, properties or facilities, clearly describe them as above and the terms of their leases.

Our properties consist mainly of leased office, warehouse and showroom facilities. We currently lease mail and phone service office facilities at 3601 Hwy. 7 Suite #400, Markham, Ontario, Canada, L3R 0M3 on a month by month basis and have use of the corporate office space and facilities on an as needed basis. Snakes & Lattes Inc. has leased retail facilities at 600 Bloor St. West, Toronto, Ontario Canada M6G 1K4, 489 College St, Toronto, Ontario, Canada M6G 1A5 and 45 Eglinton Avenue East, Toronto, Ontario Canada M4P 1G6.

8) Officers, Directors, and Control Persons

The goal of this section is to provide an investor with a clear understanding of the identity of all the persons or entities that are involved in managing, controlling or advising the operations, business development and disclosure of the issuer, as well as the identity of any significant shareholders.

A. Names of Officers, Directors, and Control Persons. In responding to this item, please provide the names of each of the issuer's executive officers, directors, general partners and control persons (control persons are beneficial owners of more than five percent (5%) of any class of the issuer's equity securities), as of the date of this information statement.

Roger Mortimer	Preferred Stock - 4,500,000 Common Stock - 600,000	48%
3601 Hwy. #7, Suite #400 Markham, ON L3R 0M3		
Larry Leverton	Common Stock -941,448	0.193%
3601 Hwy #7, Suite 400 Markham, ON L3R 0M3		
Ben Castanie	Common Stock - 20,000,000	4.1%
All Officers and Directors as a Group (3 persons)		52.293%

[1] Unless otherwise indicated, each such beneficial owner holds the sole voting power and investment power over the shares beneficially owned.

B.Legal/Disciplinary History. Please identify whether any of the foregoing persons have, in the last five years, been the subject of:

18. A conviction in a criminal proceeding or named as a defendant in a pending criminal proceeding (excluding traffic violations and other minor offenses);

None

19. The entry of an order, judgment, or decree, not subsequently reversed, suspended or vacated, by a court of competent jurisdiction that permanently or temporarily enjoined, barred, suspended or otherwise limited such person's involvement in any type of business, securities, commodities, or banking activities;

None

3.A finding or judgment by a court of competent jurisdiction (in a civil action), the Securities and Exchange Commission, the Commodity Futures Trading Commission, or a state securities regulator of a violation of federal or state securities or commodities law, which finding or judgment has not been reversed, suspended, or vacated; or

None

4.The entry of an order by a self-regulatory organization that permanently or temporarily barred suspended or otherwise limited such person's involvement in any type of business or securities activities.

None

C. Beneficial Shareholders. Provide a list of the name, address and shareholdings or the percentage of shares owned by all persons beneficially owning more than ten percent (10%) of any class of the issuer's equity securities. If any of the beneficial shareholders are corporate shareholders, provide the name and address of the person(s) owning or controlling such corporate shareholders and the resident agents of the corporate shareholders.

Roger Mortimer (President/CEO)	**Preferred Stock - 4,500,000** **Common Stock - 600,000**	**48%**
3601 Hwy. 7 Suite #400 **Markham, ON L3R 0M3**		

9) Third Party Providers

Please provide the name, address, telephone number, and email address of each of the following outside providers that advise your company on matters relating to operations, business development and disclosure:

Legal Counsel

Name: Matheau J. W. Stout Esq.

Firm: Matheau J. W. Stout Esq.

Address 1: 400 E. Pratt St. 8th Floor

Address 2: Baltimore, MD, 21202 USA

Phone: (410) 429 7076

Email: www.otclawyers.com

Accountant or Auditor

Name: Manny Tzagarakis

Firm: RBSM LLP

Address 1: 805 Third Avenue, Suite 1430

Address 2: New York, NY 10022

Phone: 212.838.5076

Email: mtzagarakis@rbsmllp.com

Investor Relations Consultant

Name:

Firm:

Address 1:

Address 2:

Phone:

Email:

Other Advisor: Any other advisor(s) that assisted, advised, prepared or provided information with respect to this disclosure statement.

Name: Ryan Kagan, CPA, CA

Firm: Ryan Kagan, CA

Address 1: 12275 Woodbine Ave Unit 203-31

Address 2: Gormley, ON

10) Issuer Certification

The issuer shall include certifications by the chief executive officer and chief financial officer of the issuer (or any other persons with different titles, but having the same responsibilities).

The certifications shall follow the format below:

I, Roger Mortimer certify that:

1. I have reviewed this quarterly financial statement of Amfil Technologies Inc.

2. Based on my knowledge, this disclosure statement does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this disclosure statement; and

3. Based on my knowledge, the financial statements, and other financial information included or incorporated by reference in this disclosure statement, fairly present in all material respects the financial condition, results of operations and cash flows of the issuer as of, and for, the periods presented in this disclosure statement.

February 14th 2017

/s/ Roger Mortimer

CEO & President

I, Larry Leverton certify that:

1. I have reviewed this quarterly financial statement of Amfil Technologies Inc.

2. Based on my knowledge, this disclosure statement does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this disclosure statement; and

3. Based on my knowledge, the financial statements, and other financial information included or incorporated by reference in this disclosure statement, fairly present in all material respects the financial condition, results of operations and cash flows of the issuer as of, and for, the periods presented in this disclosure statement.

February 14th 2017

/s/ Larry Leverton

Vice President, Secretary
