Bonus Agreement between Mace Security International, Inc., George C. Gehrisch and Sanjay Singh dated March 9, 2018

Effective as of March 9, 2018, the Company entered into a bonus agreement with George C. Gehrisch, the Company's Board Chairman, and Sanjay Singh, the Company's Board Vice Chairman (the "Bonus Agreement"). The Bonus Agreement has an initial term ending December 31, 2021 and is renewable for up to two years through December 31, 2023 by mutual written agreement.

The bonus payments will be paid, if earned, on an annual basis within 30 days after completion of the Company's audited year-end financial statements. The bonus payment for any calendar year during the term will be equal to 15% of the difference between EBITDA for each calendar year during the term (commencing with calendar year 2018) and EBITDA for the Watermark Year (defined below). If the EBITDA for any calendar year does not exceed the EBITDA for the Watermark Year, then no bonus payment will be due for such calendar year. Fifty percent (50%) of any earned bonus payment will be paid to Gehrisch and fifty percent (50%) of any Bonus Payment will be paid to Singh. The "Watermark Year" means the calendar year in which the Company achieves the highest EBITDA, including the 2017 calendar year and any subsequent calendar year during the term for which a bonus payment has been previously calculated. For the purposes of calculating bonus payments for the period from January 1, 2018 through December 31, 2018, EBITDA for the 2017 calendar year shall be \$1,000,000.00, which represents the 2018 budgeted EBITDA for 2018 (including 12 months of financial performance of Washington Labs). By way of clarification, bonus payments for calendar year 2018 will be payable for any increase in EBITDA over \$1,000,000.00. Each successive bonus payment, if any, shall be paid for the period of time from January 1 through December 31 of the calendar year in respect of which such bonus payment is being paid for any increase in EBITDA occurring in such year over the Watermark Year.
