QUANTUM COMPUTING INC.
(Formerly Innovative Beverage Group Holdings, Inc.)
Notes to the Financial Statements
March 31, 2018
(Unaudited)

Note 1 - Organization and Summary of Significant Accounting Policies:

Organization:

Quantum Computing Inc., formerly known as Innovative Beverage Group Holdings, Inc. a Delaware corporation (the “Company”) was the surviving entity as the result of a merger between Ticketcart, Inc. and Innovative Beverage Group, Inc., both Nevada corporations. Innovative Beverage Group, Inc. was the surviving entity as the result of a merger between Kat-A-Tonic Distributing, Inc., a Texas corporation and United European Holdings, Ltd., a Nevada

Quantum Computing Inc. had only limited operations as of March 31, 2018 but is in the process of raising capital and recruiting staff to become a software application and quantum computer development company.

Quantum Computing plans to enter the market for high performance computers and software applications, specifically focusing on what are known as “quantum computers”. The Company is assembling a team of experts in super computing technology and quantum mathematics, which will focus on both design and development of a quantum computer simulator (a “quantum annealer”) and several quantum software applications targeting solutions to non-deterministic polynomial applications. During the Quarter ended March 31, 2018 the Company recruited two individuals to support the management team in developing and designing the quantum annealer and related quantum software applications. Much of the time during the fiscal quarter ended March 31, 2018 was spent starting the Company’s business and operations.

The Company’s technical leadership intends to leverage industry expertise and innovative methods to develop quantum computer application solutions capable of solving increasingly complex problems in a more rapid and thorough manner. The Company is assembling a development team which will initially focus on addressing computational problems in the financial services, defense, heavy manufacturing, and computer security (cyber) market segments. The Company’s development team includes world class mathematicians, high performance computer hardware designers, and software developers.

The Company’s fiscal year end is December 31.

Basis of Presentation:

The accompanying Balance Sheet as of March 31, 2018, which was derived from audited financial statements, and the unaudited interim financial statements of the Company have been prepared in accordance with U.S. GAAP for interim financial information, the instructions to Form 10-Q and Article 10 of Regulation S-X. In the opinion of management, the accompanying unaudited, financial statements contain all adjustments necessary to present fairly the financial position of the Company as of March 31, 2018, and the cash flows and results of operations for the three months then ended. Such adjustments consisted only of normal recurring items. The results of operations for the three months ended March 31 are not necessarily indicative of the results for the full year. Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted. The accounting policies followed by the Company are set forth in Note 1 to the Company's consolidated financial statements contained in the Company's 2017 Annual Disclosure, filed with OTCMarkets.com, and it is suggested that these financial statements be read in conjunction therewith.

Use of Estimates:

QUANTUM COMPUTING INC.
(Formerly Innovative Beverage Group Holdings, Inc.)
Notes to the Financial Statements
March 31, 2018
(Unaudited)

These financial statements have been prepared in accordance with generally accepted accounting principles in the United States of America. Because a precise determination of assets and liabilities, and correspondingly revenues and expenses, depends on future events, the preparation of financial statements for any period necessarily involves the use of estimates and assumption an example being assumptions in valuation of stock options. Actual amounts may differ from these estimates. These financial statements have, in management's opinion, been properly prepared within reasonable limits of materiality and within the framework of the accounting policies summarized below.

Net Loss Per Share:

Net loss per share is based on the weighted average number of common shares and common shares equivalents outstanding during the period.

Note 2 – Federal Income Taxes:

The Company has made no provision for income taxes because there have been no operations to date causing income for financial statements or tax purposes.

The Financial Accounting Standards Board (FASB) has issued Statement of Financial Accounting Standards Number 109 (“SFAS 109”). “Accounting for Income Taxes”, which requires a change from the deferred method to the asset and liability method of accounting for income taxes. Under the asset and liability method, deferred income taxes are recognized for the tax consequences of “temporary differences” by applying enacted statutory tax rates applicable to future years to differences between the financial statement carrying amounts and the tax basis of existing assets and liabilities.

	March 31,	
	2018	2017
Net operating loss carry-forwards	\$ 99,508	\$ -
Valuation allowance	(99,508)	-
Net deferred tax assets	\$ -	\$ -

At March 31, 2018, the Company had net operating loss carry forwards of approximately \$473,848.

The Company experienced a change in control during the year and therefore no more than an insignificant portion of this net operating allowance will ever be used against future taxable income.

Note 3 – Going Concern

The Company’s financial statements have been prepared on the basis that it is a going concern, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business.

The Company has earned no revenue from operations in the periods ended March 31, 2018 and 2017, and has an accumulated deficit of \$10,171,622 and \$9,697,774 respectively. The Company’s ability to continue as a going concern is dependent upon its ability to develop additional sources of capital or ultimately acquire an entity which the Company hopes will become profitable at some time in the near future. The accompanying financial statements do not include any adjustments that might result from the outcome of these uncertainties. Management is seeking new capital to revitalize the Company.

(Unaudited)

Note 4 – Financial Accounting Developments:

Recently Issued Accounting Pronouncements

From time to time, new accounting pronouncements are issued by the FASB or other standard setting bodies that are adopted by the Company as of the specified effective date. Unless otherwise discussed, we believe that the impact of recently issued standards that are not yet effective will not have a material impact on our financial position or results of operations upon adoption.

Note 5 – Note Receivable

The Company assumed a promissory note from one of the Initial Investors to Convergent in the amount of \$100,000, which is payable by the Initial Investor on or before December 31, 2018. The promissory note receivable was issued in exchange for a promissory note payable from Convergent to the Initial Investor, which has also been assumed by the Company in exchange for a Convertible Promissory Note in the amount of \$100,000, convertible to Company common shares at a conversion price of \$0.10 per share. If the promissory note is paid in full on or before December 31, 2018, the Company's Convertible Promissory Note will convert and shares will be issued. If the promissory note is not paid in full on or before December 31, 2018, the Company's Convertible Promissory Note held by this investor will be cancelled, and no shares will be issued.

Note 6 – Convertible Promissory Notes

On May 24, 2018 the Board authorized a private placement of convertible promissory notes in the aggregate amount up to \$15,000,000 at a conversion price of \$1.00 per share (the "Convertible Note Offering"). The Notes accrue interest at eight percent (8%) per annum and are convertible into common stock of the Company at any time prior to or at the Maturity Date, twelve months from the Issuance Date. In connection with the Convertible Note Offering, the Company has received funds of \$725,000, of which \$475,000 was received during the three months ended March 31, 2018, but has not yet issued shares of common stock. The Company plans to issue shares of common stock now that FINRA has approved the 1:200 reverse stock split in accordance with the terms and conditions of the Convertible Note Offering.

Note 7 – Capital Stock:

On March 1, 2018 the Board authorized the Company to raise up to \$500,000 of equity capital at price of \$0.40 per share of common stock (the "Initial Raise"). In connection with the Initial Raise, the Company has received subscriptions for \$70,000, of which \$20,000 was received during the three months ended March 31, 2018, but has not yet issued shares of common stock pursuant to the Subscription Agreements. The Company plans to issue shares of its common stock now that FINRA has approved the 1:200 reverse stock split in accordance with the terms and conditions of the Subscription Agreements.

On April 13, 2018, The Company's board of directors authorized a 1:200 reverse stock split on the shares of the Company's common stock. Accordingly, all references to numbers of common shares and per-share data in the accompanying financial statements have been adjusted to reflect the stock split on a retroactive basis.

Note 8 – Related Party Transactions

QUANTUM COMPUTING INC.
(Formerly Innovative Beverage Group Holdings, Inc.)
Notes to the Financial Statements
March 31, 2018
(Unaudited)

Convergent Risk Group, LLC

To finance the acquisition of the control block of shares in IBGH, an investor group (the "Initial Investors."), loaned Convergent Risk Group, LLC (Convergent) \$275,000, in exchange for Promissory Notes from Convergent (the "Promissory Notes") in the total amount of \$275,000. Convergent, a Virginia limited liability company, is owned 100% by Mr. Robert Liscouski, who is the CEO and currently the majority shareholder of the Company. To induce Mr. Liscouski to serve as CEO of the Company, the Company assumed the "Promissory Notes" in the total amount of \$ 275,000 and certain liabilities (the "Liabilities"). The Liabilities and the Promissory Notes are collectively the "Convergent Liabilities." The Convergent Liabilities assumed by the Company were exchanged for Convertible Promissory Notes issued by the Company for \$275,000 (the same amount that Convergent had issued them for). The Convertible Promissory Notes accrue interest at eight percent (8%) per annum and are convertible into common stock of the Company at a conversion price of \$0.10 per share at any time prior to or at August 10, 2019. The Company also assumed a promissory note from one of the Initial Investors to Convergent in the amount of \$100,000, which is payable on or before December 31, 2018. While the conversion of the Convertible Promissory Notes is mandatory prior to August 10, 2019, the election to convert is at the option of the Initial Investor. The Company has no obligation to repay the Initial Investors in cash. However, the conversion of the Convertible Promissory Notes will result in dilution of other shareholders once the Initial Investors convert their notes into the Company's common stock.

Note 9 – Subsequent Events:

On April 13, 2018 by written consent, the Board and the majority stockholder amended the Company's Articles of Incorporation to authorize a 1-for-200 reverse stock split of the issued and outstanding shares, and to increase the authorized capital of the company to 260,000,000 shares, consisting of 250,000,000 shares of common stock and 10,000,000 shares of preferred stock.

On May 8, 2018 the Company filed an Affidavit of Non-Operation and Certificate of Dissolution in the State of Nevada to formally terminate its presence in that state.

On May 24, 2018 the Board authorized a private placement of convertible promissory notes in the aggregate amount up to \$15,000,000 at a conversion price of \$1.00 per share (the "Convertible Note Offering"). In connection with the Convertible Note Offering, the Company has received funds of \$725,000, of which \$250,000 was received after the three months ended March 31, 2018, but has not yet issued shares of common stock. The Company plans to issue shares of common stock now that FINRA has approved the 1:200 reverse stock split in accordance with the terms and conditions of the Convertible Note Offering.

On July 2, 2018 the Financial Industry Regulatory Authority (FINRA) approved the Company's request to change its name to Quantum Computing Inc., to change its official domicile from Nevada to Delaware, and to implement a 1:200 reverse stock split. The name and domicile change and reverse stock split took effect on July 3, 2018. FINRA also approved a new Ticker Symbol for the Company, "QUBT."

There are no other events of a subsequent nature that in management's opinion are reportable.
