6201 15th Avenue
Brooklyn, New York 11219
1 (800) 937 5449

American Stock Transfer & Trust Company, LLC is a registered Transfer Agent under the Exchange Act.

PART C: BUSINESS INFORMATION:

Item 8. The nature of the issuer's business

Amfil Technologies, Inc. is a New York State corporation formed on June 14, 1985 and was formally known as Technical Ventures, Inc. (TVI). Amfil Technologies Inc. has a fiscal year end of June 30th and is not considered a shell company.

On April 14, 1986, TVI acquired all the issued and outstanding shares of common stock of Mortile Industries Ltd. ("Mortile"), a Canadian corporation. Mortile dealt in the design, development, and manufacturing of proprietary polymers, composite and specialty compounds; additionally Mortile compounded proprietary formulations of their customers and the application of its products expanded into every area of plastics. On August 26, 2004, 60% of Mortile Industries was sold to an investing group. In December of 2006, the remaining interest was sold and the Company began looking for additional opportunities. TVI retained its metal technology which it continued to develop and market.

On June 4, 2008, Technical Ventures Inc. entered into an agreement with Amfil Technologies Inc. ("AMFE"), a Private California company, to acquire its Ozone Technology, certain fixed assets, and the assumption of certain short term liabilities and subsequently changed its name to Amfil Technologies Inc. Amfil designed, manufactured, and marketed ozone-based cleaning antimicrobial treatment systems worldwide. It offered products, such as cold storage fumigation systems, mobile surface sanitation systems, mobile cleaning and surface sanitation systems, food

service contract cleaning systems, animal and zoo systems, fruit and vegetable systems, and fish farming and processing systems. Amfil also provided refrigerated container fumigation systems; and mPact-CAS, a system designed for cased meat log cleaning and antimicrobial treatment. It offered its products to food, beverage, dairy, fruits and vegetables, food service, commercial, industrial, live animal/zoo, fish process and farming, and aquaculture markets.

On December 24, 2010, Amfil Technologies Inc. entered into a Joint Venture Agreement with Trevor Taylor on an equal basis to acquire rights to Medium Scale Prospecting Mining Permits to 9 sites totaling approximately 10,300 acres in Guyana for exploration from Trevor Taylor. AMFE plans to further explore and develop these highly prospective gold mineral property rights in Guyana in due course.

On June 14, 2011 the Company sold off the Amfil “Ozone” Technologies which allows the Company to focus on its continued progress with the gold exploratory projects as a core objective for the Company.

On August 1, 2013 the Company entered into a definitive acquisition agreement with Interloc-Kings Inc. Interloc-Kings Inc. is an interlock and landscaping specialists and offers landscape construction and snow removal services in Canada. The company was founded in April 2009 and is based in Markham, Ontario, Canada. It has completed projects throughout Markham and the Greater Toronto Area.

On May 12, 2014, Amfil Technologies Inc. entered into a Definitive Joint Venture Agreement with Antibacterial Cleaning Treatment Services Inc. (A.C.T.S. Inc.) to acquire a 50% shared ownership with A.C.T.S. Inc. of the mPact-GROzone Antimicrobial Systems and the exclusive right of representation to perform with A.C.T.S. Inc. as a Systems and Service Provider to any Medical Marijuana Industry and legal marijuana grow/process establishments or organizations in North America and globally that is amenable to the use of the Systems and Service of mPact-GROzone Antimicrobial Systems using A.C.T.S. Inc.’s trademarked and proprietary products and systems.

On September 1, 2016, the Company acquired the shares of Snakes & Lagers Inc., a holding company that holds the shares of Snakes & Lattes Inc. Snakes & Lattes College Inc., Snakes & Lattes Annex Inc., & Snakes & Lattes Midtown Inc. This collection of entities is involved in the following revenue generating activities; board game retail, online and wholesale distribution; retail coffee shop/bistro; distribution of board game related products; board game publishing and manufacturing; and corporate/personal events.

On October 25th 2017 the Company acquired the shares of Natural Stuff Inc. For over 20 years, Natural Stuff Inc. has been distributing high-quality, value products. Since 1994, the business and delivery system have been satisfying grocery, chain, discount department, and convenience store customers.

In May of 2018, the Company acquired Morning Publishing in an all cash acquisition and created Snakes & Lattes Publishing SAS which now owns Morning.

Item 9. The nature of products or services offered

Amfil Technologies Inc. is the parent company to four wholly owned subsidiaries.

1). Snakes & Lagers Inc. holds the trade name and is the owner of Snakes & Lattes Inc. which currently operates 3 tabletop gaming bars and cafes located in Toronto, Ontario. The company is in the process of expanding throughout North America with its first USA location recently opened in Tempe, AZ. Snakes & Lattes Inc. was the first board game bar and cafe in North America, is believed to be the largest in the world and have the largest circulating public library of board games in North America for customers to choose from. Snakes & Lattes Inc. currently has a 100+ member staff and recently acquired the exclusive distribution rights throughout Canada for some of the most popular board games in the world. The company also operates a lucrative fulfillment and distribution division and has recently entered into the board game publishing business. For more information on Snakes & Lattes Inc. feel free to visit the website at www.snakesandlattes.com.

2). The EcoPr03 GRO3 Antimicrobial System was jointly developed between Amfil Tech and A.C.T.S. Inc. which recently rebranded its technology under Advanced Ozone Integration as an extension of the existing ozone technology being utilized in the food and beverage industry and integrated by A.C.T.S. into companies such as Pepsi, Nestle, Sysco, Sun Pacific and many others. The system is a triple-function sanitization unit capable of naturally eliminating 99.9% of water and airborne pathogens and the typically problematic pests that wreak havoc for cultivators (like aphids, whiteflies and spider mites), as well as bacteria, fungus, microbes and mold on surfaces, all without chemicals. The unit can also constantly regulate a given facility's water supply, oxygenating the water and maintaining a consistent PPM infusion of ozone that prevents the formation of algae, bacteria or mold (allowing for comprehensive water recycling), simultaneously removing the need to use pesticides and/or dangerous, often carcinogenic products to treat production problems, as is common throughout the industry today. This environmentally-friendly solution also eliminates odors, while slightly reducing the air temperature, lowering energy consumption by the HEPA filtration and HVAC systems and could potentially allow for a facilities process to be labeled certified organic in the U.S.A. when the crop is no longer considered illegal on the federal level, otherwise "Clean Green" or "Certified Kind" in the meantime. The EcoPr03 GRO3 Antimicrobial System recently passed product review by a registered USDA certifying agent for use in California as well as Pennsylvania and surrounding states. The subsidiary has developed a strategic partnership with Roto Gro, the creator of proprietary rotary hydroponic technology. More information on this product line can be found on the www.gro3systems.com website.

3). Interloc-Kings Inc. is a hardscape construction company servicing the Greater Toronto Area. This subsidiary is an authorized Unilock installer, Unilock being, North America's premier manufacturer of concrete interlocking paving stones and segmental wall products. Interloc-Kings Inc. has an A+ Rating with the Better Business Bureau (BBB) and a 10/10 rating on homestars.com. Specializing in stone and wood installations between \$5,000 and \$150,000 per project, Interloc-Kings Inc. has quickly become a top, high quality installation company of outdoor living areas in the GTA. More information on this subsidiary can be found at the website www.interloc-kings.com.

4). Natural Stuff Inc. For over 20 years, Natural Stuff Inc. has been distributing high-quality, value products. Since 1994, the business and delivery system have been satisfying grocery, chain, discount department, and convenience store customers. Wholesalers, vending and catering services are some of our best clients. Natural Stuff Inc. is always searching for new and exciting snack food & drink products to boost in-store sales and drive business.

Item 10. The nature and extent of the issuer's facilities

Our properties consist mainly of leased office, warehouse and showroom facilities. We currently lease mail and phone service office facilities at 3601 Hwy. 7 Suite #400, Markham, Ontario, Canada, L3R 0M3 on a month by month basis and have use of the corporate office space and facilities on an as needed basis. Snakes & Lattes Inc. has leased retail facilities at 600 Bloor St. West, Toronto, Ontario Canada M6G 1K4, 489 College St, Toronto, Ontario, Canada M6G 1A5, 45 Eglinton Avenue East, Toronto, Ontario Canada M4P 1G6 and 20 W 6th St, Tempe, AZ 85281, USA
