ITEM 6. DESCRIBE THE ISSUER'S BUSINESS, PRODUCTS AND SERVICES

A. DESCRIPTION OF THE ISSUER'S BUSINESS OPERATIONS;

AMERICAN GREEN

The Company was one of the first publicly-traded companies to address the legal medical marijuana business in 2009. It now is embarking on the strategy to become a major participant in the expanding medical and adult-use cannabis market on a national scale.

The Company continues to offer retailing, branding, and commercial cultivating strategies in conjunction with its ongoing business with various licensed medical marijuana medical and retail dispensaries. The Company has consulted with dispensary operators in California, Colorado, Washington, Oregon and Arizona. Being located in Arizona, a very effectively regulated legal cannabis market, the Company is

focusing on providing goods and services that operators of licensed non profit cannabis dispensaries in regulated environments require. This strategy will allow the Company to further penetrate the market and to leverage its existing brands, products and services. As a result, technical applications, products and services are being owned, licensed or being created; and consulting opportunities involving compliance, business development and financial services have been identified.

AMERICAN GREEN INVESTMENT IN CANNAWAKE CORPORATON

On September 19, 2017, the Company purchased the town of Nipton, California, a 100-year-old community in San Bernardino county.

During March of 2018, the Company entered into a Purchase Agreement (the "Agreement") with CannAwake Corporation, a Delaware corporation ("CannAwake" and formerly, "Delta International Oil & Gas, Inc."), and Nipton, Inc., a California corporation, a wholly-owned subsidiary of the Company. Pursuant to the Agreement, CannAwake agreed to acquire 100% of the issued and outstanding equity securities of Nipton, Inc. (the assets of which are comprised of all of the real estate properties included in the unincorporated township of Nipton, California ("Nipton")) from the Company in exchange for shares of 160,000 shares of Series A Convertible Preferred Stock, convertible into 160,000,000 shares of the CannAwake's Common Stock (the "Nipton Acquisition").

CannAwake and the Company closed the Nipton Acquisition on April 5, 2018. Following the closing, Nipton, Inc. became a wholly-owned subsidiary of the CannAwake, and CannAwake became a majority owned subsidiary of the Company, with the Company holding approximately 82% of the voting power of CannAwake.

Additionally, CannAwake and the Company are working to finalize the terms of a management agreement, whereby the Company will provide, management services to CannAwake on a cost-plus basis, for Nipton and any other developments that CannAwake begins.

CannAwake, and the Company, intend to transform Nipton into the country's first energy-independent, cannabis-friendly hospitality destination -- all while retaining the town's historic look, feel, and value.

With over 120 acres of potential for development and just 10 minutes off of busy Interstate 15, the Company has taken the first step to transform Nipton into an effective hub for the production of various cannabis-based products as well as possible fully-licensed cultivation which includes a safe and appropriate approach to consumption. Located on the border between California and Nevada, the town is strategically positioned on the railway line going from Los Angeles through Las Vegas to Salt Lake City and beyond.

Nipton's future plans include setting the standard for energy efficiency and environmentally responsible tourism. CannAwake has completed the purchase of the town's solar energy farm and with plans and expansion plans intended, to move Nipton toward becoming a completely energy-independent town. Additionally, CannAwake's plans include the development of the town's existing aquifer system for water supply. As a result of these improvements, CannAwake anticipates that job creation will occur naturally in building and development, as well as tourism, agriculture, entertainment, transportation, retail and more, presenting new opportunities for innovation and entrepreneurship. The company's management remains open to ideas, suggestions, partnerships and more as it moves the project forward and encourages its 60,000+ shareholders to contact the company through its website (www.nipton.com) to suggest Nipton's future improvements.

DEVELOPMENT OF CBD PRODUCTS

The Company and MediaTechnics Corporation have entered into a joint-venture to a develop an Industrial Hemp based CBD extraction facility in Nipton. The Company intends, with the assistance of CannAwake, to develop a CBD-infused drinking water product line. See <https://americangreencbd.com/faq/>.

Discussions are underway with several well-established edible and extraction companies that have expressed interest in having production facilities in the town as well -- all done paying strict adherence to all applicable federal, state and county regulatory requirements.

The Company would like to offer a variety of commercial and recreational attractions including: CBD and mineral baths, cannabis-product retail outposts, artists-in-residence programs, culinary events, and Bed-and-Breakfast lodging to complete the charming small-town experience. Company officials hope that this project will help to catalyze job creation and development within the town and surrounding communities, making Nipton a model for the cannabis industry's role in stimulating and accelerating the rebuilding of struggling small town economies throughout the US where cannabis products have been legalized.
