5) Issuer’s Business, Products and Services

The purpose of this section is to provide a clear description of the issuer’s current operations. In answering this item, please include the following:

A. Summarize the issuer’s business operations (If the issuer does not have current operations, state “no operations”)

Innovest Global, Inc., formerly Aurum Resource and Asset Management Inc., was incorporated in the State of Nevada on October 19, 1999 as International Sports Marketing Group, Inc, and was most recently named Aurum Resources and Asset Management Inc. In August 2016 current Chairman and CEO Dan Martin, previously unaffiliated with the Company, purchased the Series A Pref’d Stock and took control of the Company, and subsequently effective January 30, 2017, we changed our name to Innovest Global, Inc. At that time, we increased our authorized common shares from 250 million to 500 million and changed our business plan. We now function as Conglomerate, primarily operating in business services (described in more detail below). Our fiscal year end date is 12/31. There are no bankruptcy, receivership, or similar proceedings. There has been no delisting, there are no past, current, pending or threatened lawsuits against the Company. No defaults, structured, or long term, or convertible debts. There have been two changes resulting in effects of outstanding stock changing greater than 10%: 1) Dan Martin converted 500,000 Series A Pref’d shares to 50 million common. 2) 50 million common shares previously held by Shane Lowry (25 million) and AG Rowett (25 million) were cancelled. These items were successively transacted between December 2017, and April 2018, with the cancellation being the last item.

B. Describe any subsidiaries, parents, or affiliated companies, if applicable, and a description of their business contact information for the business, officers, directors, managers or control persons. Subsidiary information may be included by reference

1. Innovest Global, Inc. is an operating diversified holding company, or a Conglomerate, primarily operating in “business services” at this time, which is SIC 7389.
2. We are operating and have generated revenue from these operations beginning 4th quarter 2017. Prior to 2016, the Company was most recently speculating in mining exploration and development and completely exited that business in 2016.
3. We are not and have never been a “shell company”.
4. The following are 100% wholly owned subsidiaries of Innovest, and are included in the financial statements attached to this disclosure statement. All of these subsidiaries are in our “Commercial & Industrial Division”. The contact person for all of our operations is our Chairman, Chief Executive Officer, and President, Dan Martin who can be reached at 440-644-1027. All of these efforts are also highlighted on our website at www.innovestglobal.com:

- a. Chagrin Safety Supply: Distribution of OSHA equipment to business clients via traditional sales efforts.
 - b. Shepherd Energy Solutions: Provides energy efficiency solutions to commercial and industrial clients.
 - c. H.P. Technologies: Provides energy procurement and consultative services to commercial and industrial clients.
 - d. Contact Source Solutions: Provides inbound and outbound call center services to commercial and industrial clients.
 - e. Authority National Supply: Provides building materials, primarily roofing and siding as buying group for member organizations.
 - f. Midwest Curtainwalls manufacturer of glass and aluminum curtain walls for buildings.
5. We do not anticipate existing or probable changes to the regulation of our operations that would require any changes to our operations.
 6. We have not conducted R&D or had related expenses associated with any of our current efforts.
 7. Our business does not require any particular or quantifiable environmental law compliance.

C. Describe the issuers' principal products or services, and their markets

- A. Collectively through our subsidiaries, we offer OSHA supplies, call center services, and energy procurement and efficiency solutions; to commercial and industrial clients primarily in Ohio, but also to additional clients throughout the USA. As we grow, the markets we intend to pursue are among the highest growth markets today and in the foreseeable future, which make our entry a prime opportunity to capture market share. Our Business to Business acquisition markets are at attractive valuation points due to their falling behind large multinational competitors in marketing savvy, lead generation and operational efficiencies; similarly making now an opportune time for a business plan such as Innovest. The Acquisition strategy for Innovest will consist of the following:
 - i. Build a core platform of companies in the Industrial, Commercial durable goods, energy, and non-professional services.
 - ii. These entities will have a revenue range of (\$5- 10.0M) or larger depending on the industry.
 - iii. The acquisition candidate companies will be compatible in meeting the strategic integration criteria that utilizes the best practices synergies of the other core companies.
 - iv. The acquisition candidate companies will be those in these industries where there are no active succession plans in place and the existing owners seek to remain involved in managing their businesses.
 - v. The owners are agreeable to becoming an equity/stock participant as part of the acquisition process versus traditional all cash transactions at time of closing.
- B. We employ directly or through independent contractors, salespeople who engage clients and generate sales. We fulfill product sales via shipment, provide services directly, and in the case of installation employ independent contractors to install products on site.
- C. The "Demand Cost Reduction" solution is a new technology we announced on 3/16/18 would be offered by Shepherd Energy Solutions, which would reduce demand charge by 50%-70% for qualified commercial and industrial clients. It is now fully commercialized, and the first client was announced on 4/23/18.
- D. All of our markets are mature and highly competitive. We attempt to differentiate ourselves with best in class service and competitive pricing.
- E. We do not manufacture, and do not have raw materials needs or relationships.

- F. Across our operations we have a single instance of dependence on customers: our call center operation currently relies upon a single customer for 50% of its revenue. Subsequent to this reporting period, that client has contracted for additional services although is not expected to decline, its decline could have a detrimental effect on our call center business.
- G. HP Technologies is currently registered in all deregulated states as an energy broker.
- H. There are no pending or additional requirements for government approvals in our areas of operation.
