The purpose of this section is to provide a clear description of the issuer's current operations.

- A. Summarize the issuer's business operations (If the issuer does not have current operations, state "no operations")

Jetblack Corp, is a company focused in emerging markets and innovation, operating through its subsidiaries. We have researched and identified areas of the cannabis industry that present opportunities for the launch of improved products and services. These opportunities will be described more extensively at our website: www.JetblackCorp.com once it is complete. Also on our twitter feed @jetblackcorp which will give the latest news and company updates.

The company is in the process of transferring an Oregon Marijuana Producer License to CenAviv LLC, Jetblacks' wholly-owned subsidiary in Oregon.

The company leases a location in Hillsboro, Oregon. The facility is 8,400 square feet and will require some buildout. Currently Jetblack is searching for reasonable financing terms and partners for this project.

Management discussions recently have been centered around finding capital to fund the buildout and operations in Hillsboro, OR. Successfully transferring to tier 1 license to CenAviv LLC and location transfer of the license to Hillsboro.

The company is also in the beginning stages of research and development of a product that contains no THC, contains no marijuana or marijuana byproducts, but is a secondary product which may be useful to regular consumers of cannabis.

- B. Describe any subsidiaries, parents, or affiliated companies, if applicable, and a description of their business contact information for the business, officers, directors, managers or control persons. Subsidiary information may be included by reference

Jetblack Corp., subsidiary information:

C. Describe the issuers' principal products or services, and their markets

The Marijuana markets in the US and Internationally are very saturated and highly regulated. The capital requirements are great and the risk of losing most if not all your investment is even greater. Our initial product will be an edible product out of our Hillsboro location, if we are successful at executing our plan.

We are also in the process of research and development of a non-cannabis based product that may have potential to be consumed by regular users of cannabis.

6) Issuer's Facilities

The company is in the process of moving our headquarters to Chicago, IL or the greater Chicagoland area.

Jetblack Corp

Notes to Financial Statements for the 6 Months Ending June 30, 2019

The Financial Statements have been prepared by, and attested to by, in the Management Certification pertaining to the 2019 Quarterly Report.

Note 1 Organization, History and Business

The name of the issuer is Jetblack Corp, and is also written as Jetblack Corp. We were incorporated as Tortuga Mexican Imports Inc. on April 17, 2002 in the State of Nevada for the purpose of selling consumer products. Effective March 15, 2010, we changed our name to Jetblack Corp., by way of a merger with our wholly owned subsidiary, Jetblack Corp., which was formed solely for the purpose of effectuating the corporate reorganization and pursuing new business in subsequent years.

On February 26, 2016 Barton Hollow, LLC, a stockholder of the Issuer, filed an Application for Appointment of Custodian pursuant to Section 78.347 of the Act in the District Court for Clark County, Nevada. Barton Hollow was subsequently appointed custodian of the Issuer by Order of the Court on April 5, 2016 (the "Order"). In accordance with the provisions of the Order, Barton Hollow thereafter moved to: (a) reinstate the Issuer with the State of Nevada; (b) provide for the election of interim officers and directors; and (c) call and hold a stockholder meeting.

Daniel A. Goldin was appointed CEO and Director on June 20, 2016. The former Custodian has since been discharged by the Nevada courts and full authority has been returned to the Board of Directors of Jetblack Corp. Mr. Goldin purchased the convertible note held by former custodian, making Mr. Goldin the holder of the only convertible note on the books of Jetblack Corp at the time. Under the leadership of Mr. Goldin, Jetblack has initiated the entry of Jetblack Corp into the emerging markets of cannabis.

Note 2 Summary of Significant Accounting Policies Revenue Recognition

The company is still pre-revenue. Revenue in the future is anticipated to arise from cultivation, processing and/or consultant work related to the Cannabis Marijuana Industry.

Revenue is recognized in accordance with ASC 605. As such, the Company identifies performance obligations and recognizes revenue over the period through which the Company satisfies these obligations. Any contracts that by nature cannot be broken down by specific performance criteria will recognize revenue on a straight line basis over the contractual term of the period of the contract.

Income Taxes

The company has a net loss for the quarter ending June 30, 2019 of (105,637.41) . This loss is mainly due to rear lease payments that have been recorded on the books, which were not present in our 1st quarter 2019 reports due to accounting errors. This loss has a 20 year carryover period. The company continually evaluates its tax positions, changes in tax laws, and new authoritative rulings for potential implications to its tax status.

Stock Based Compensation

When applicable, the Company will account for the stock-based payments to employees in accordance with ASC 718, "Stock Compensation" ("ASC 718"). Stock-based payments to employees include grants of stock, grants of stock options and issuance of warrants that are recognized in the consolidated statement of operations based on their fair values at the date of grant.

The company accounts for stock-based payments to non-employees in accordance with ASC 505-50, "Equity-Based Payments to Non-Employees." Stock-based payments to non-employees include grants of stock, grants of stock options and issuance of warrants that are recognized in the consolidated statement of operations based on the value of the vested portion of the award over the requisite service period as measured at its then-current fair value as of each financial reporting date.

The Company calculates the fair value of option grants and warrant issuances utilizing the Binomial pricing model. The amount of stock-based compensation recognized during a period is based on the value of the portion of the awards that are ultimately expected to vest. ASC 718 requires forfeitures to be estimated at the time stock options are granted and warrants are issued to employees and non-employees, and revised, if necessary, in subsequent periods if actual forfeitures differ from those estimates. The term "forfeitures" is distinct from "cancellations" or "expirations" and represents only the unvested portion of the surrendered stock option or warrant. The Company estimates forfeiture rates for all unvested awards when calculating the expense for the period. In estimating the forfeiture rate, the Company monitors both stock option and warrant exercises as well as employee termination patterns.

The resulting stock-based compensation expense for both employee and non-employee awards is generally recognized on a straight-line basis over the period in which the Company expects to receive the benefit, which is generally the vesting period.

Loss per Share

The Company reports earnings (loss) per share in accordance with ASC Topic 260-10, "Earnings per Share." Basic earnings (loss) per share is computed by dividing income (loss) available to common shareholders by the weighted average number of common shares available. Diluted earnings (loss) per share is computed similar to basic earnings (loss) per share except that the denominator is increased to include the number of additional common shares that would have been outstanding if the potential common shares had been issued and if the additional common shares were dilutive. Diluted earnings (loss) per share has not been presented as there are no dilutive securities.

Cash and Cash Equivalents

For purpose of the statements of cash flows, the Company considers cash and cash equivalents to include all stable, highly liquid investments with maturities of three months or less.

Concentration of Credit Risk

The Company primarily transacts its business with one financial institution. The amount on deposit in that one institution varies but does not exceed the federally-insured limit \$250,000 at this time.

Depreciation

a) Furniture, Equipment and Other Assets:

The Organization has a policy of capitalizing fixed assets in excess of \$500. Depreciation of the fixed assets as reported has been computed by the declining balance method, following GAAP provisions, over the estimated useful lives. The company is calculating depreciation on a 6 month basis.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Note 3 Related Party Transactions

None, other than the following, on July 29, 2019 Daniel A. Goldin gifted 48,000,000 shares to Wally D. Goldin in a non-issuer private transfer.

Note 7 Business Segments

ASC 280, "Segment Reporting" requires use of the "management approach" model for segment reporting. The management approach model is based on the way a company's management organizes segments within the

company for making operating decisions and assessing performance. The Company determined it has one operating segment as of June 30, 2019.

Note 8 Recent Accounting Pronouncements

The Company continually assesses any new accounting pronouncements to determine their applicability to the Company. Where it is determined that a new accounting pronouncement affects the Company's financial reporting, the Company evaluates the situation to determine the consequence of the change to its financial statements and assures that there are proper controls in place to ascertain that the Company's financials properly reflect the change.

Note 9 Capitalization

The company continues negotiations to raise capital required, either as debt or capital to help meet operating needs. We cannot guarantee the company will be successful at raising funds, notwithstanding the best efforts and confidence of management for the company's new business direction. At this moment the company is not well capitalized and has serious concerns that it will not be able to continue if funding is not reached.

Note 10 Subsequent Events

As of the date of this filing the company terminated its previous transfer agent, Empire Stock Transfer and hired the current transfer agent for the company, *Pacific Stock Transfer Company*. The conversion has taken place in early August of 2019.

In July of 2019, the company entered into a formal verbal agreement for DG Ventures, Inc. to act as the company PR service provider. Goldin.
