## **Item 5: Management’s Discussion and Analysis or Plan or Operation. Issuer’s Business**

A. Before acquiring our Marion, North Carolina bottling facility on February 6, 2019, we operated our legacy business, which was the manufacture and distribution of a line of 25 high quality consumer focused inkjet kits. On February 5, 2019, our board of directors made a determination to wind down our legacy business and to transition into the beverage and bottling business. On February 6, 2019 we acquired Mammoth Ventures Inc. ("Mammoth"), as a wholly owned subsidiary. On February 6, 2019, Greene Concepts Inc. acquired 100% of the outstanding shares of Mammoth Ventures Inc. which included all assets owned by Mammoth including the Marion, North Carolina facility and all bottling equipment and other assets formerly known as the North Cove Springs Bottling and Beverage from BNL Capital LLC.

B. The facility will be focused on a variety of beverage product lines including, but not limited to CBD infused beverages, spring and artesian water, as well as enhanced athletic drinks in addition to other product offerings.

C. The Company will be introducing several primary products with announcements that will provide product details as well as details of their operations in the near future.

## **Item 6: Issuer’s Facilities**

Issuer is presently setting up bottling operating facility in Marion, North Carolina it purchased in February. The facility is approximately 55,000 square feet and sits on 4.5 acres of land. Monthly payments on the facility are \$5,062.50.

**NOTES TO THE FINANCIAL STATEMENTS**  
**OCTOBER 31, 2019**  
**(UNAUDITED)**

**NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES**

**A. ORGANIZATION AND OPERATIONS**

**NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

This summary of significant accounting policies of Greene Concepts, Inc. (the Company) is presented to assist in understanding the Company's financial statements. The financial statements and notes are representations of the Company's management who is responsible for the integrity and objectivity of the financial statements. These accounting policies conform to generally accepted accounting principles and have been consistently applied in the preparation of the financial statements.

Nature of Operations

Greene Concepts, Inc. is headquartered in the City of Fresno, California and has been in service for fifty-eight years. The Company manufactured and distributed a line of 25 high quality consumer focused inkjet kits. The Company has recently divested itself of these operations and have acquired a facility that will be focused on production of a variety of beverage product lines including, but not limited to CBD infused beverages, spring and artesian water, as well as enhanced athletic drinks in addition to other product offerings. The Company has prepared these financial statements on the accrual basis of accounting.

**B. BASIS OF ACCOUNTING**

The Company utilizes the accrual method of accounting, whereby revenue is recognized when earned and expenses when incurred. The unaudited financial statements have been prepared in accordance with generally accepted accounting principles for interim financial information. As such, the financial statements do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements. In the opinion of management, all adjustments considered necessary for a fair presentation have been included and these adjustments are of a normal recurring nature. The results of operations for the Three months ended October 31, 2019 and 2018 are not necessarily indicative of the results for the full fiscal year ending July 31, 2018.

**C. USE OF ESTIMATES**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. Actual results could differ from those estimates.

**D. CASH AND CASH EQUIVALENTS** Cash and cash equivalents include cash on hand; cash in banks and any highly liquid investments with maturity of three months or less at the time of purchase. The Company maintains cash and cash equivalent balances at several financial institutions, which are insured by the Federal Deposit Insurance Corporation up to \$250,000.

**E. FIXED ASSETS** Fixed assets are carried at cost. Depreciation is computed using the straight-line method of depreciation over the assets estimated useful lives. Maintenance and repairs are charged to expense as incurred; major renewals and improvements are capitalized. When items of fixed assets are sold or retired, the related cost and accumulated depreciation is removed from the accounts and any gain or loss is included in income. In February, 2019 the Company acquired Mammoth Ventures Inc. which included all assets owned by Mammoth including the Marion, North Carolina facility and all bottling equipment and other assets formerly known as the North Cove Springs Bottling and Beverage from BNL Capital LLC

**F. COMPUTATION OF EARNINGS PER SHARE**

Net income per share is computed by dividing the net income by the weighted average number of common shares outstanding during the period.

**F. INCOME TAXES**

In February 1992, the Financial Accounting Standards Board issued Statement on Financial Accounting Standards 109 of "Accounting for Income Taxes." Under Statement 109, deferred tax assets and liabilities are recognized for the estimated future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases.

**G. REVENUE RECOGNITION**

Revenue for license fees is recognized upon the execution and closing of the contract for the amount of the contract. Contract fees are generally due based upon various progress milestones. Revenue from contract payments are estimated and accrued as earned. Any adjustments between actual contract payments and estimates are made to current operations in the period they are determined.

**H. FAIR VALUE OF FINANCIAL INSTRUMENTS**

Statement of Financial Accounting Standards No. 107, "Disclosures about Fair Value of Financial Instruments", requires disclosures of information about the fair value of certain financial instruments for which it is practicable to estimate the value. For purpose of this disclosure, the fair value of a financial instrument is the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced sale or liquidation. The carrying amounts reported in the balance sheet for cash, accounts receivable, inventory, accounts payable and accrued expenses, and loans payable approximate their fair market value based on the short-term maturity of these instruments.
