Patient Access Solutions, Inc.

150 Veterans Highway

Commack, NY 11725

Attn: Board of Directors

Dear Fellow Board Members,

Let it be known that I have increased my holdings in open market purchases to approximately 9,500,000 shares of PASO common stock. My personal securities are being held at a retail brokerage firm. Their compliance department has been notified and the holdings are now governed by the rules that apply to insider/affiliate shareholders with all applicable restrictions and limitations.

This open market purchase in addition to my personal restricted 144 purchases of 24,500,000 shares directly from the Company at a share price range of \$.02-\$.05 bring my PASO holdings to 34,000,000. My restricted holdings are not eligible for legend removal.

Best regards,

**DocuSigned by:**
