March 22, 2020

Patient Access Solutions, Inc.

150 Veterans Highway

Commack, NY 11725

Attn: Board of Directors

Dear Fellow Board Members,

During the week of March 16, 2020 I have purchased 1,500,000 shares on the open market and increased my holdings to approximately 12,500,000 shares of PASO common stock. My personal securities are being held at a retail brokerage firm. Their compliance department has been notified and the holdings are now governed by the rules that apply to insider/affiliate shareholders with all applicable restrictions and limitations. My restricted holdings remain in the form of physical certificates and are not eligible for legend removal.

Best regards,  
DocuSigned by:
